## Student Performance and Learning Outcomes : 2020-21

The immediate course outcome of each course in the under graduate level, both honours and general level is the enhancement and expansion of the knowledge base in respective subjects. Further, adequate acquirement of knowledge by pursuing the course curriculum obviously creates the prospect of further academic career advancement by enrolling in the Post Graduate Level. Most of the courses provide the students with ample opportunity to make themselves prepared for job-oriented competition in their respective subject oriented fields.

Program and Course outcomes are generally evaluated by conducting two examinations in each course – an internal examination of ten marks conducted by the college and an end sem theoretical exams of 60/40 marks by the University of Burdwan. Obtained marks of both internal and the external theory examinations are uploaded in the University portal and that are reflected as Semester grades in the mark sheets given by the University. For this current academic year there is a deviation in the method due to the pandemic and mark sheets are given on the basis of marks obtained in the internal examination cumulating it with the marks obtained in previous end semester examination strictly following the directives of the University Grants Commission as well as the Government of West Bengal. In normal times faculties of various departments evaluate the overall performance of the students of their respective Departments. But this evaluation of attainment has been hindered by the lockdown due to pandemic.

In view of students' performance in academic arena for the session 2020-21, the following table speaks for itself.
