## Student Performance and Learning Outcomes – 2022-23

To our understanding academic result of our institution is above the average of the (affiliated) University result. But students' performance in other fields like sports, cultural activities or in social services through NSS deserve a mention. Traditionally our college has a remarkable position in NSS activities among colleges of the Burdwan University. In sports we were consecutive champion in different disciplines since many years. Many of our students are placed in prestigious positions of society be it academics or other arena like sports, culture, politics etc.

Program and Course outcomes are generally evaluated by conducting two examinations in each course – an internal examination of ten marks conducted by the college and an end sem theoretical exams of 60/40 marks by the University of Burdwan. Obtained marks of both internal and the external theory examinations are uploaded in the University portal and that are reflected as Semester grades in the mark sheets given by the University.

In regard to our students' performance in academic arena the following table speaks for itself.
