

## Course Outcome, Department of Philosophy, Khalisani Mahavidyalaya

A programme outcome represents the knowledge, skills and attitudes/attributes the students should have at the end of a formal programme (i.e., three year Arts/Commerce/Science Graduate Programme). Programme outcome is a broader statement that describes what the students are expected to learn and would be able to do after their concern programme. Programme Specific knowledge skills that the students acquire at the end of the course. It defines the cognitive processes a course provides. programme outcome is attained through programme specific outcomes and again programme specific outcomes are attained through Course outcomes. Course outcomes are narrow statements that describe what students are expected to know, and be able to do at the end of each course. The Course Outcomes are stated in such a way that they can be actually measured after the end of Course-specific.
